Early Human Development

Subject index

Volume 51 (1998)

Africa; Low Apgar score; Neonatal neurological examination **51**, 179

Alkaline phosphatase; Pregnancy; Neutrophil; Kinetic properties; Fetal sex **51**, 1

Amino acid; First trimester; Pregnancy; Placenta; Fetus; Coelomic fluid; Amniotic fluid **51**, 159

Amniotic fluid; Amino acid; First trimester; Pregnancy; Placenta; Fetus; Coelomic fluid **51**, 159

Amniotic fluid; Association learning; Crying; Newborn; Smell **51**, 47

Aquaporin-2; Urine; Infants; Vasopressin; Water balance **51**, 31

Arm posture; Fetus; Ultrasound; Elbow; Wrist; Fingers; Flexion preference **51**, 61

Association learning; Amniotic fluid; Crying; Newborn; Smell **51**, 47

ATP; Intrauterine growth retardation; Brain; Hypoglycemia; Lactate **51**, 147

Basal ganglia; Dopamine receptors; Brain development; Thalamus **51**, 23

Birth order; Infant; Temperament; Child-rearing stress **51**, 123

Brain development; Dopamine receptors; Basal ganglia; Thalamus **51**, 23

Brain; Intrauterine growth retardation; Hypoglycemia; ATP; Lactate **51**, 147

CAI; CAII; Semen; Decidua; Chorionic villi; Fetal tissues **51**, 205

CAII; CAI; Semen; Decidua; Chorionic villi; Fetal tissues **51**, 205

Child-rearing stress; Infant; Temperament; Birth order **51**, 123

Chorionic villi; CAI; CAII; Semen; Decidua; Fetal tissues **51**, 205

Chronic lung disease; Premature infants; Endotracheal aspirate cytology **51**, 13

Coelomic fluid; Amino acid; First trimester; Pregnancy; Placenta; Fetus; Amniotic fluid **51**, 159

Contractility; α-Smooth muscle actin; Wharton's jelly; Immunohistochemistry; Myofibroblast **51**, 223

Cord blood insulin; Diabetes and pregnancy; Fetal outcome **51**, 187

Crying; Amniotic fluid; Association learning; Newborn; Smell **51**, 47

Decidua; CAI; CAII; Semen; Chorionic villi; Fetal tissues **51**, 205

Diabetes and pregnancy; Cord blood insulin; Fetal outcome **51**, 187

Dopamine receptors; Basal ganglia; Brain development; Thalamus **51**, 23

Doppler echocardiography; Small-for-ges-

PII: S0378-3782(98)00041-3

tational-age infants; Left ventricular diastolic function **51**, 197

Early human development; Human embryos; Embryonic formation **51**, 213

Elbow; Fetus; Ultrasound; Arm posture; Wrist; Fingers; Flexion preference **51**, 61

Embryonic formation; Early human development; Human embryos **51**, 213

Endotracheal aspirate cytology; Premature infants; Chronic lung disease **51**, 13

Ethnic differences; Sudden infant death syndrome (SIDS); Thermal insulation, Bed sharing; Home heating **51**, 93

Fetal behavioral state; Sustained fetal tachycardia; Fetal development **51**, 113

Fetal development; Sustained fetal tachycardia; Fetal behavioral state **51**, 113

Fetal growth retardation; impaired ovarian development **51**, 39

Fetal movements; Movement quality and quantity; Intra-uterine growth retardation **51**, 137

Fetal outcome; Cord blood insulin; Diabetes and pregnancy **51**, 187

Fetal sex; Alkaline phosphatase; Pregnancy; Neutrophil; Kinetic properties **51**, 1

Fetal tissues; CAI; CAII; Semen; Decidua; Chorionic villi **51**, 205

Fetus; Amino acid; First trimester; Pregnancy; Placenta; Coelomic fluid; Amniotic fluid **51**, 159

Fetus; Ultrasound; Arm posture; Elbow; Wrist; Fingers; Flexion preference **51**, 61

Fingers; Fetus; Ultrasound; Arm posture; Elbow; Wrist; Flexion preference **51**, 61

First trimester; Amino acid; Pregnancy; Placenta; Fetus; Coelomic fluid; Amniotic fluid **51**, 159

Flexion preference; Fetus; Ultrasound; Arm posture; Elbow; Wrist; Fingers **51**, 61

Gestational age; PICP; ICTP **51**, 109

Gut hormones; Phototherapy; Jaundice; Gut motility **51**, 57

Gut motility; Phototherapy; Jaundice; Gut hormones **51**, 57

Home heating; Sudden infant death syndrome (SIDS); Thermal insulation, Bed sharing; Ethnic differences **51**, 93

Human embryos; Early human development; Embryonic formation **51**, 213

Hypoglycemia; Intrauterine growth retardation; Brain; ATP; Lactate **51**, 147

ICTP; PICP; Gestational age **51**, 109

Immunohistochemistry; α-Smooth muscle actin; Wharton's jelly; Myofibroblast; Contractility **51**, 223

Impaired ovarian development; fetal growth retardation **51**, 39

Infants; Aquaporin-2; Urine; Vasopressin; Water balance **51**, 31

Infant; Temperament; Child-rearing stress; Birth order **51**, 123

Intensive care; Scars; Newborns **51**, 171

Intra-uterine growth retardation; Fetal movements; Movement quality and quantity **51**, 137

Intrauterine growth retardation; Brain; Hypoglycemia; ATP; Lactate **51**, 147

Jaundice; Phototherapy; Gut hormones; Gut motility **51**, 57

Kinetic properties; Alkaline phosphatase; Pregnancy; Neutrophil; Fetal sex **51**, 1

Lactate; Intrauterine growth retardation; Brain; Hypoglycemia; ATP **51**, 147

Left ventricular diastolic function; Small-for-gestational-age infants; Doppler echocardiography **51**, 197

Low Apgar score; Africa; Neonatal neurological examination **51**, 179

Movement quality and quantity; Fetal movements; Intra-uterine growth retardation **51**, 137

Myofibroblast; α-Smooth muscle actin; Wharton's jelly; Immunohistochemistry; Contractility **51**, 223

Neonatal neurological examination; Low Apgar score; Africa **51**, 179

Neurobehavioral test; Prematurity; Respiratory illness; Risk analysis; Validity **51**, 235

Neutrophil; Alkaline phosphatase; Pregnancy; Kinetic properties; Fetal sex **51**, 1

Newborns; Scars; Intensive care **51**, 171

Newborn; Amniotic fluid; Association learning; Crying; Smell **51**, 47

PICP; ICTP; Gestational age **51**, 109

Phototherapy; Jaundice; Gut hormones; Gut motility **51**, 57

Placenta; Amino acid; First trimester; Pregnancy; Fetus; Coelomic fluid; Amniotic fluid **51**, 159

Population-based; Recurrence; Twin; Twinning **51**, 7

Pregnancy; Alkaline phosphatase; Neutrophil; Kinetic properties; Fetal sex **51**, 1

Pregnancy; Amino acid; First trimester; Placenta; Fetus; Coelomic fluid; Amniotic fluid **51**, 159

Premature infants; Chronic lung disease; Endotracheal aspirate cytology **51**, 13

Prematurity; Neurobehavioral test; Respiratory illness; Risk analysis; Validity **51**, 235

Recurrence; Population-based; Twin; Twinning **51**, 7

Respiratory illness; Neurobehavioral test; Prematurity; Risk analysis; Validity **51**, 235
